The University of Texas at San Antonio recognizes that our students come from various backgrounds, reflect diverse interests and face numerous demands when they decide to pursue an undergraduate degree. Academic Advisors help students manage their degree progress with an academic plan and other tools which guide them on the path to graduation. Students are ultimately responsible for knowing and meeting degree requirements, for enrolling in appropriate courses to ensure orderly and timely completion of their degree programs, and for following the rules and policies of UTSA as found in the undergraduate catalog, the current *UTSA Information Bulletin*, and the online schedule of classes.

A Four-Year Academic Plan has been developed to assist students in meeting all degree requirements within the traditional four-year time period. Utilizing this plan allows students to prioritize the classes needed for graduation and provides the opportunity to participate in additional curricular experiences such as a second major or minor, study abroad experiences and internship opportunities. Students who follow this plan may also qualify for Tuition Rebate Program implemented by the Texas Legislature.
