Your written comments are an important part of your course and instructor evaluation. Please provide feedback in the box below on aspects of the course and/or the instructor that were most effective or need improvement. Student comments will be provided to your instructor only after course grades have been submitted. The instructor may, but is not obligated to, share these comments with others or include them in any evaluation process.

- The instructor is efficient and is always prepared. He does reply to emails fast, he tries to make the class challenging and engaging. Overall this professor not only cares about his research, but the well being of the class. The material is dull at times, but nonetheless he laid out his expectations and is qualified to continue teaching more courses in the future. Hopefully I can be as efficient as him.

- Active engagement with the students was excellent and the professor was very involved in the learning process. Sometimes classes seemed like there was a lot going on and we could not necessarily get to every topic or question, but that was mostly due to time constraints.

- Always goes above and beyond. So organized. Love this professor and the hard meticulously detailed work he puts into all he does.

- Dr. Hofferberth, Initially was a departure from all my other instructors. His teaching style, I believe is more a reflection of who he is and not necessarily the type of teacher he aspires to be. I have such respect for Germans in general from my experience in Frankfort and Ramstein. He has challenged my understanding of the world and my understanding global governance. We may never fully see eye to eye, but I am a better thinker and diplomat and ultimately and more importantly...a better man. I have already recommended him to other students and look forward to his class on the fall.

- Fantastic Professor knows his material very well and is always engaging with students helps tie any relevant response to any question into whatever topic it is you are learning about Attendance is part of your grade so it is essential that you attend class
  Great class overall

- I liked the class, although at times it was a snooze fest.

- I really enjoyed this class and Dr Hofferberth does a great job of giving clear information and of making the class interactive.

- I would highly recommend this course and instructor to prospective students. Courses are taught in a distinctive and effective manner that engages students consistently with clearly defined objectives to be learned every week. Successful prior planning by the instructor allows classes be facilitated at a steady pace with not a single minute wasted even when student input in to discussions are in affluence. Student responsibilities are clearly defined and readings are well warranted toward the class.

- I've taken multiple classes with Dr. Hofferberth because he is an excellent educator. I've said it once and I'll say it again, he is the BEST in the department, and should be regarded by his superiors as such. He has helped me develop as a student and played a crucial role in helping me narrow down what it is I want to do after graduation. He goes above and beyond in every aspect of his job and will be instrumental for the Department of in bringing UTSA to tier 1 status. Wonderful teacher, extremely intelligent, and his teaching methods always keep me engaged and informed. Couldn't rate a professor higher.

- No complaints or criticisms! Absolutely one of the best professors in the department and one of the best professors I have ever had in my college career.

- Professor Hofferberth's teaching methods are interactive, and serve to engage students in a unique fashion. I really enjoyed my time in his class, from the material covered to the plethora of knowledge Professor Hofferberth offered his students, I can confidently say that I will not hesitate to enroll in another class with him. He is a professor that cares about his students and provides positive, constructive feedback. In conclusion, I would highly recommend professor Hofferberth to any student that wants to challenge themselves and learn.

- This was one of my favorite courses. Dr. Hofferberth is articulate and well spoken.

- Very helpful and flexible with his time outside of class. Class is comfortable as well as his lectures. Amazing professor.
