

Digital/Communications Internship

While almost all Fellows will work in the field (where change is made!), the Gina Ortiz Jones campaign will have a limited number of intern positions available. We are looking for hard-working, self-motivated interns to assist with a range of activities, including updating web content, email campaign production and support, social media, and other duties. Applicants should have good writing and communication skills.

An ideal candidate will:

- Be passionate about using digital tools for social change
- Be willing to learn new skills
- Be well-versed in social media
- Be a strong writer, able to turn around compelling campaign content quickly and efficiently, including emails, social media posts, and actions to engage supporters
- Be organized, have a strong attention to detail, and be able to complete projects independently
- Be very tech savvy (online applications as well as Microsoft Office software)

Interested applicants should send their resume and a cover letter to Kristian Carranza Thompson at kristian@ginaortizjones.com or call (210) 551-1313 for more information
