

## **Field Fellowship Program**

### **Be a part of building the grassroots movement to elect the first LGBT member of Congress from Texas!**

GOJ Fellows are a crucial part of our mission to flip Congressional District 23, the most vulnerable swing state in the county. The goal of the Gina Ortiz Jones Fellowship Program is to provide educational opportunities for Texans by teaching them to organize their communities.

Fellows will learn the inner-workings of a campaign that is similar to the standards of a Presidential campaign and gain universal skills that transcend into any career path.

### **What We're Looking For - Fellows**

The ideal candidate is someone who is excited about electing progressives in Texas and ready to learn how to do it. Fellows are expected to actively participate in phone banks, canvasses and volunteer-led meetings. It is vital that candidates are self-starters, have a passion for their work, are solution-oriented and ready to work with diverse groups of people. Our Fellows come from a variety of backgrounds, but all have a passion and commitment to making change.

**Get involved and make real change.**
