

Paid Intern Position

- Environmental Solutions - Remediation and Compliance

Intern Project Goals	Provide environmental technical and programmatic support to the government agencies in the implementation of programs to achieve strategic goals.
How to Apply	https://jobs-noblis.icims.com/jobs - Search Keywords for Requisition #4951
Context	Noblis-San Antonio has been supporting the Department of Defense (DoD) for over 10 years and Noblis wants to expand local standing and visibility with current and perspective DoD clients. Bringing new talent to the San Antonio office will support Noblis strategic goals and offer additional resources to the client that allow for increased client interaction and enhanced relationships. These factors will support Noblis' opportunities to maintain existing service offerings, as well as grow in new program areas.
Attracting Factors	<p>Having the opportunity to contribute to key technical and programmatic challenges that will benefit the public and the environment.</p> <p>Working with experienced professionals and world-renowned experts in the environmental remediation and compliance industry.</p> <p>Being able to work face-to-face with the client in a collaborative setting to understand challenges and generate solutions utilizing problem solving and forward thinking.</p> <p>Performing a wide variety of activities that include planning and coordination, technical analysis, report development, team collaboration, and stakeholder engagement and facilitation.</p>
Desired Outcomes	Increased efficiency and output in performing various client tasks to allow increased delivery for meeting contract obligations.
Primary Location	San Antonio, Texas
Desired Skills	Undergraduate or graduate student pursuing an Engineering or Science degree with an environmental focus (e.g., Environmental Engineering and Science, Civil Engineering, Chemistry, Geology/Hydrogeology, Toxicology).
Skills Developed	Environmental remediation program management; technical analysis/data analysis; communication; team work; systematic planning; project management.
Questions	If you have questions about the San Antonio office, please contact either Danielle Macedo at danielle.macedo@noblis.org or Cassandra Bergstedt at cassandra.bergstedt@noblis.org .
