I really love to bake; back at home, I would bake all the time for my little sisters. This is a fun and creative recipe to get into the Halloween spirit. It is just a pretzel stick dipped in melted chocolate.

Ingredients:
1. White chocolate
2. Almonds
3. Pretzel Sticks
4. Food Coloring
5. Wax Paper
6. Toothpicks

First, you would get white chocolate and melt it in the microwave in a microwave safe bowl and once you have done that you add green food coloring to whatever shade you desire.

Next, take a pretzel stick, dip it into the melted white chocolate, and place it on wax paper until dry.

Then you would get a toothpick and make finger lines into the molded white chocolate.

To finish off this Halloween treat get an almond cut in half and place it on the top of the chocolate covered pretzel stick.
